Our Town

By J. B. White

There have been disclosures at the public hearings on codes of fair competition in Washington which should be of profound interest to the people. Except for the cotton textile industry, which had been working on a code for weeks before NRA was signed on June 16, business management was slow in getting started. Industrialists were not accustomed to discussion of the many phases of their affairs which as vitally concerned the public and their workers as themselves. But they soon found that the members of the consumers' and labor advisory boards and the representatives of NRA's research division were all informed. The members of the industrial advisory board also are chosen by the Administration.

These circumstances gradually promoted a spirit of candor.

As a result of this welcome era of plain speaking at official public hearings concerning the products which we eat and wear and use and at least in normal times regard as indispensable, we will do well to learn the lessons they already have plainly taught us, and abundantly. We no longer depend upon prophesies of economists, if we ever did, but for the titanic struggle for recovery in which we are now engaged it behooves us to take advantage at once of revelations now being made. When, for example, a member of the code committee on the boot and shoe industry asserts that in order to cover the additional pay to wage earners through reabsorption of the many thousands of the unemployed it will be necessary to increase the Nation's boot and shoe bill $18,000,000, there could not be more forceful argument for laying in shoes for every member of the family.

The same argument applies to everything else, and the first thing we know there will be an impetus to buying that will bring us back to an even keel. That goods manufactured in the future—that is, in many cases now being manufactured—will cost us at retail a great deal more than the goods our merchants are now carrying is too obvious to require any more than a bare hint to all of us.

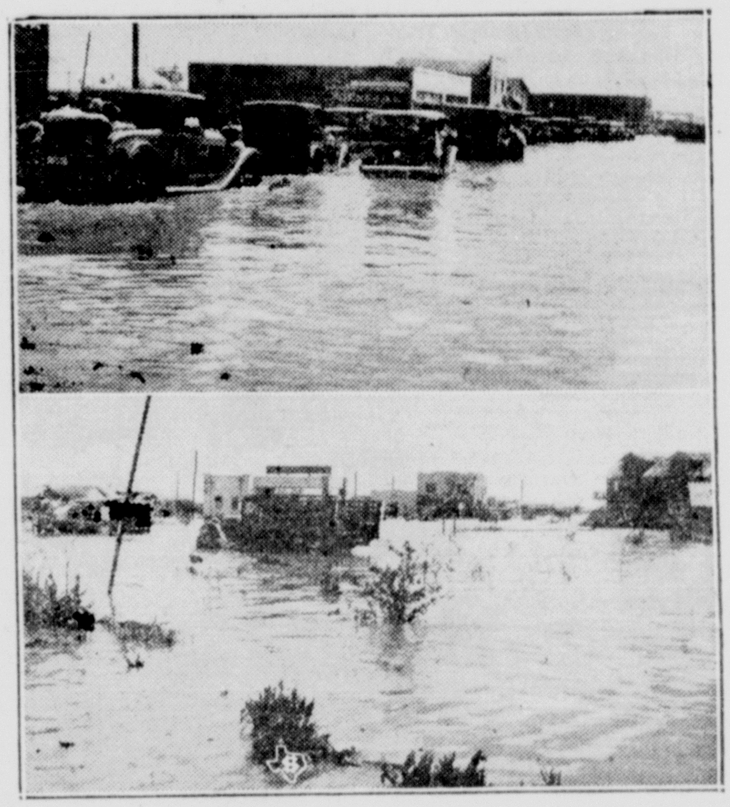
Floods Follow in Wake of Storm



Like the Book of Job, the story of the worst storm in the history of the Lower Valley of Texas tells of one disaster after another. A ten inch rain brought the angry Rio Grande down upon hapless residents after the storm had reduced the whole area to shambles. These pictures are typical. Note overturned truck at lower left.

$100,000 Available For Highway Through City

An appropriation of $100,000 has been made by the state highway department for the construction of a highway and underpass of the Santa Fe railroad in Cameron, according to W. M. Cobb, secretary of the Chamber of Commerce.

The city government has been asked to secure right of way from the north termination of Travis avenue to connect with the Ben Arnold road. The government would construct a new street of asphalt paving through the city down Travis avenue, turning east at the Federal building block and intersecting the Santa Fe near the settling basins.

Real opportunity is presented and much depends on the attitude of the government here.

Repeal forces stepped out and took a commanding lead yesterday in balloting on the 18th amendment in Idaho and New Mexico.

First returns from New Mexico gave better than 2 to 1 margin for repeal while in Idaho the count was approaching that figure.

Twenty nine successive states have voted to abolish the national prohibition law, the two western states being the 30th and 31st to pass on the question.

New Mexico also balloted on repeal of its state dry law, with the repealists going far into the lead.

A two year prison term in the penitentiary of Texas was the verdict of a jury in District Court here Monday against Harry Rogers, 20, of Rogers, for the murder of Garnet Beardon on the night of May 26 near Wire bridge in the western edge of Milam county.

Trial of the case consumed the entire week in District court and attracted wide attention.

The case went to the jury Monday night when attorneys had closed an all day argument. Immediately after the verdict a motion for a new trial was made by Dewitt Bowmer of Belton and A. J. Lewis of Cameron, attorneys for Rogers.

Ill feeling between the young men which led to the fatal shooting at night was fully developed in the trial of the case.

Mrs. Beavers stood by the side of the grave of her son and a picture was made of her, which she prizes very highly.

Mrs. Beavers went over on the ship "The President" and returned on board ahe "S. S. Washington." She is loud in praise of the way the Gold Mothers were treated on the trip. They had the best rooms and meals in the leading hotels and cafes, and were not bothered about any incidents of the trip, baggage, etc. She landed in New York City August 24th and enjoyed a visit with her daughter, Mrs. Junita McClure who lives there.

Mrs. Beavers was accompanied to Cameron Monday by her son, Thomas Henderson Beavers.

While only one beer permit has been issued for Bartlett, three others have been applied for. Opening business was good as both Bell and Williamson county beer drinkers quenched their thirst.

With the statement that something more than beer is back, the famous old Eagle of Anheuser-Busch greets the people of Milam county this week under the auspices of the Milam County Distributing Company with warehouses in the old Sap depot.

This Company sponsors Budweiser and already has greeted old friends and found many new ones for this excellent brew. In this issue will be found a large display advertisement in celebration of the return of beer to Milam county, run under the name of the distributors, Milam County Distributing Co.

Wreckage, Wreckage, Everywhere Wreckage

People who have never gone through a tropical hurricane cannot apprehend the ordeal endured by citizens of the Lower Texas valley, nor visualize the destruction of the twisting wind. Ford V-8 Hangs Up Records In National Stock Car Races

Ford dealers here pepped up over the news from the Elgin national stock car road races just held. There were fourteen stock cars entered in this road classic at the Illinois city. The first seven winners were Ford V-8's. The race was run under the auspices of the Automobile Association of America.

Fred Frame, the winner, was driving for a Ford dealer of the Dearborn (Mich.) branch. He averaged 80.2 miles per hour for the course of 203 miles. This beat the record made by Ralph DePalma in 1920, which has never been equaled since until Frame hung up the new record last Saturday. Frame attained a speed of 100.3 miles per hour on the straightway. Only one other car, other than Fords, finished the race and it placed last.

Ford dealers everywhere as well as officials of the Ford Motor Company are elated. As H. H. Stedman local Ford Dealer, phrased it, "this should cinch all arguments as to V-8's performance on speed, stamina and roadability.

News reels released all over the world are expected to carry some of the thrills of the race.

Question No. 7 Isn't it worth a lot just to know that you can lift the receiver of your telephone and call your friends or receive calls from them? YES ☐ NO ☐

Question No. 8 Doesn't it lighten the wife's duties if she has a telephone to order groceries, ask the cleaner to call, or run other errands? YES ☐ NO ☐

If you have more "Yeses" than "Noes" our suggestion would be . . . a telephone. The cost is moderate, the value is all you wish to make it. Get in touch with the business office. Say: "I want a telephone."

DIZZINESS

relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better — don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling."

Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

ber of the State Board of Education and continued to the end his struggle for the upbuilding of the educational system of Texas and for the betterment of the mass of school children of this state; and,

WHEREAS, we have been brought to the realization that Texas has lost one of its outstanding statesmen, a beloved educator and a valuable citizen at a time when his counsel and advice would have been most advantageous in solving the economic problem of our schools, and the absence of his friendship and kind consideration will be severely felt in the lives of all of us who relied upon his presence to face the difficulties and problems difficult of solution;

NOW, THEREFORE, BE IT RESOLVED by the House of Representatives of the 43rd Legislature, that we extend our heartfelt sympathy and condolence to the members of his family in the passing of this faithful man and citizen, whose memory is hallowed by all who knew him; and,

BE IT FURTHER RESOLVED, that a page of journal be set apart as a memorial to the Honorable W. A. Morrison and that when the House adjourns today that it will do so in respect to his memory and that Chief Clerk of the house be directed to send copies of this resolution to members of his family.

FOOTBALL

Coach Haynie and assistant coach Hicks, are making fine progress and many Cameron fans seem to believe that the prospects for a real team are middling fair at least.

Lighting equipment for the field is under construction. The eight sixty foot poles that will carry the powerful flood lights were set in place Thursday. Each of these poles will carry two thirty two inch reflectors and four 1500 watt lamps. These lights will be adjusted by an expert lighting engineer so as to give a perfect effect at every point on the field.

The sale of the season tickets will continue up to the day of the game at the price of $2.00 for adult tickets and $1.00 for students. Single admissions at the game will be 40c and 25c.

GENUINE BAYER ASPIRIN DOES NOT HARM THE HEART

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

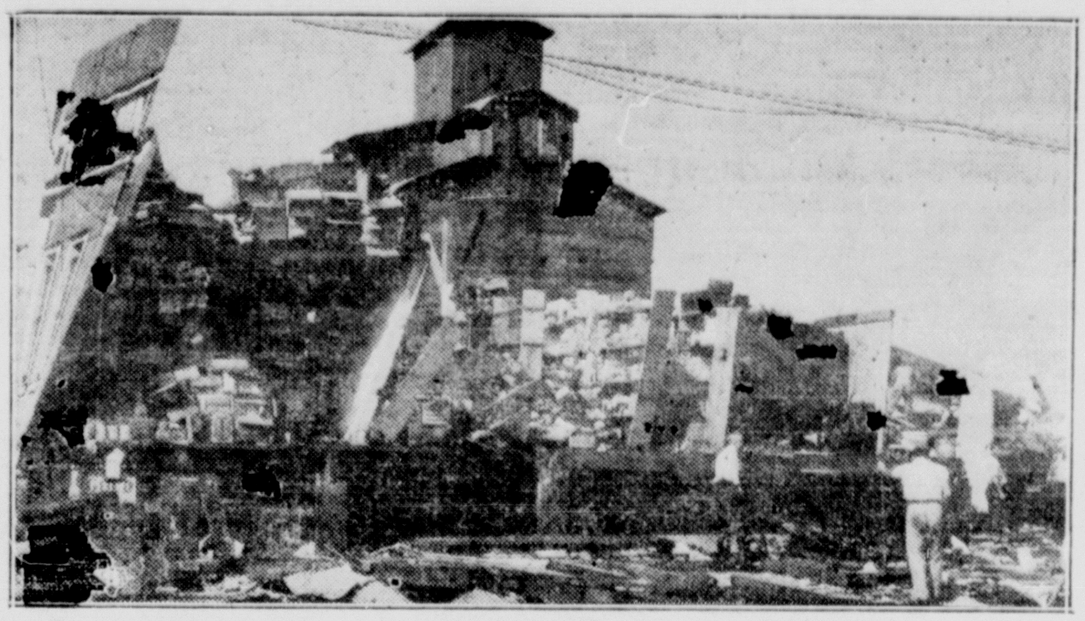
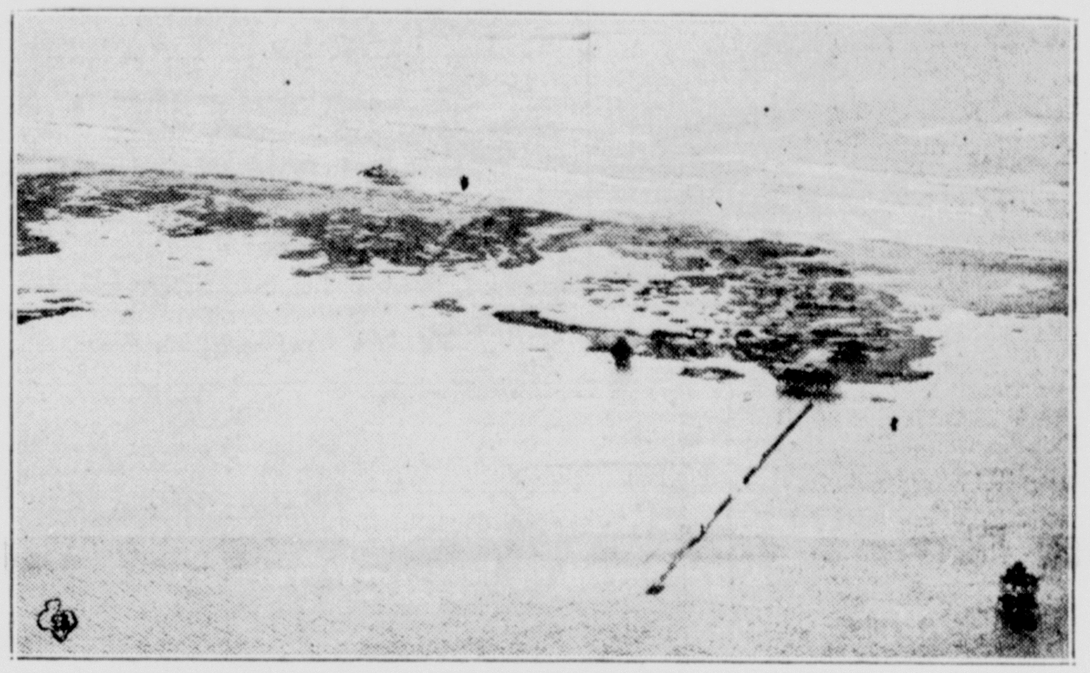
What Happens When Hurricane Meets Wholesale House



This is a wholesale grocery, firm in Brownsville, Texas, of what is left of it after sad collision with a tropical hurricane, the worst ever to visit Texas' garden spot, the Lower Rio Grande valley. The twisting wind tore the building to pieces, the driving rain ruined and waterlogged everything. Scenes like this are not the exception but the rule, as one surveys the storm area.

When Roaring Sea Took To Land During Hurricane



This picture will give you an excellent idea of how the waves of the Gulf of Mexico swept across the luckless Lower Rio Grande valley. The shore line of the Gulf cuts across the top of the picture. All the water in the foreground is sea water, brought in by the 100 mile wind. Note ocean breakers.

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store.

HALLOWE'EN CARNIVAL ON P. T. A. PROGRAM

The first meeting of the 1933-34 season for Parent-Teacher Association was held in the Ada Henderson Auditorium last Thursday afternoon with Mrs. W. R. Moover presiding.

The program began with a piano solo rendered by Mrs. Thomas Haynie.

The address of the afternoon was given by Miss Celia Moore of the State Department of Health. In her fascinating way, Miss Moore outlined a health education plan for home and school demonstrating its process, and emphasizing its results in home, school and community. Miss Moore told of Cameron's co-operation in the county-wide immunization program carried on during the past month, 615 immunizations having been made in this precinct.

Health education being essential to every community, it was recommended that there be enopgh copies of Hygeia, a health puglication, in each school for every home to have opportunity to read this magazine.

Business session followed the program.

Mrs. Witliff, program chairman, announced an interesting plan for the year book.

It was decided that a Hallowe'en carnival on our lighted athletic field be sponsored by the Parent-Teacher Association October 31. This will be a social event in which the whole community will be invited to take part.

Miss Jaunita Hughes has taken charge of the apartment house formerly occupied by Mrs. W. T. Mowdy on West Main.

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in *liquid form.*

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, *always read the label.* Not the *claims,* but the *contents.* If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a *natural* laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

TROOP NO. 52
J. A. Lindle, Scoutmaster

Troop No. 52 held a very interesting meeting Friday night with almost perfect attendance.

The meeting was opened with the scout oath and law. Then Scout Hensley took charge and a "Kangaroo Court" was formed.

After this a farewell speech was made by Scout Earnest Michalka, who will leave for school this week. Following this the patrols went into separate meetings where several different subjects were studied.

The patrols coming out of their meetings fifteen minutes were spent in drill work. The Kangaroo Court held its first session and Pip Brod and Geo. Matocha were brought forth for trial, charged with bad conduct. Each pleaded guilty and were sentenced to four strokes of the belt.

A game was then played and the meeting was closed with a song.

FOR TEXAS THE ONE BEER THAT PLEASES MILLIONS MOST

Forty different brands of beer—forty!—at least—that you now can order!

That's a lot to taste, test and judge—yet millions already have picked their favorite.

It's Atlas Special—the beer that comes up to expectations!

Why is Atlas the odds-on beer favorite today among young and old, men and women, experts and amateurs? Among the old-timers who knew good beer "way back when" as well as the young-timers who've just been introduced?

Here are your answers—six of 'em.

- ATLAS is old enough to "drink better." That's proper aging.
- ATLAS is mellow and zesty.
- ATLAS has a "white collar" that's a dream of creamy foam; the "small-bubble" head that experts write poems about.
- ATLAS is always sparkling and clear right to the last drop.
- and ATLAS has that "never-get-enough" taste. You just want another! The Germans have a word for that elusive quality. It's "suffigkeit."
- and, finally, ATLAS seems to have "more pick-up per bottle." Gives you the "lift" you're looking for!

Atlas is so good, in fact, that once you try it you'll never be without it.

Meet Atlas Special—and start a lifelong friendship. Ask for it at your dealer's, your favorite club or restaurant.

SOCIETY

Miss Belle Hunt Becomes Bride of J. B. White Herald Editor and Publisher in Quiet Home Wedding in Cameron Sunday, September 17

GARDEN PARTY

An interesting social event of last week was when Mrs. Leland Green entertained Thursday afternoon from five to seven o'clock with a garden party honoring her daughter-in-law, Mrs. Leland Green, Jr., who is a recent bride.

Pretty pink zenias and summer flowers intermingled with ferns, in large pedestal baskets stood at attractive points on the lawn and under the large spreading oak tree that made a delightful summer garden scene.

Mrs. Niley Smith greeted the guests upon their arrival at the entrance of the lawn and passed them on to the receiving line where the hostess, Mrs. Green headed the line where stood the bride, her mother, Mrs. J. Z. Young, who introduced the guests to Mrs. Fred Perlitz, a recent bride who formerly lived at Harlingen in the Valley. Miss Dinks Baskin and Mrs. W. H. Baskin, directed the guests to the beautifully improvised dining room on the lawn where Mrs. Fred Jackson and Mrs. Andrew Esslinger sat at the table laid with imported lace cover over pink, centered with a handsome bouquet of the chosen flowers, and cut the pink and white brick ice cream and angel food cake, served by Misses Billie Gaither, Nancy Slocomb, Wis McDermott and Mary Frances Blaylock. Misses Mary Ann Green and Viola Thomas passed the pink and white mints. Mrs. W. A. Bonds presided over the radio program, which seemingly was ordered for the occasion.Mrs. Lena Baskin also aided in the hospitalities of the occasion.

During the afternoon Misses Foldyne Rylander and Dorothy Blaylock gave choice readings. Many friends called during the hours and enjoyed social chats with the honoree and guests present.

HUGHES-HARTELY

CAMERON GIRL'S WEDDING DATE ANNOUNCED

Announcement of the approaching marriage of Miss Mildred Compton of Cameron to James Depew, formerly of this city, but now residing in Dallas, has been made, and will take place in Dallas on September 30, where Mr. Depew is employed with the cotton exchange in that city.

Miss Compton is the daughter of Mr. and Mrs. H. C. Compton of this city, and the bridegroom is the son of T. R. Depew of Rosebud, cotton buyer.

Romance between these two young people began three years ago. Both are graduates of the Yoe high school in this city, and he was a letter man on the football squad of the Yoe high. Miss Compton was born and reared in Cameron, and after completing her high school work here, she had four month's training as a nurse in the King Daughter's hospital, Temple.

In a quiet home wedding unique in simplicity and exclusiveness, Miss Belle Hunt became the bride of Jefferson B. White, editor and publisher of The Cameron Herald, on Sunday morning, September 17, 1933 at 8 o'clock, at the home of Mr. and Mrs. Sam Hefley, 606 North Travis Avenue.

Rev. O. C. Acrey, pastor of the First Presbyterian church, read the marriage ritual, marked for its eloquent beauty and simplicity, featuring the ring ceremony. Only a few close friends of the bride and groom were present for the early morning wedding in the quiet beauty of the historic Hefley home.

The quiet nuptial celebration began with a wedding breakfast served by Mr. and Mrs. Hefley and their niece, Miss Carolyn Porter at 7:30 a. m. Guests at the breakfast other than the members of the household were Mrs. Lester Glass, a former schoolmate of the bride and Mr. Glass. Mr. and Mrs. W. J. Watson, close friends of the bride, witnessed the wedding ceremony.

Immediately after the marriage, Mr. and Mrs. White left Cameron for a brief visit with the parents of the bride, Mr. and Mrs. J. E. Hunt at their old ranch home near Killeen in Bell county.

The bride is the daughter of Mr. and Mrs. J. E. Hunt, pioneer ranch owners of Bell and Burnett counties whose ancestors settled in that section in Texas in an' earlyday of Lone Star history and who have helped to make the civilization of that hospitable mountain region. She was born and reared in Bell county, educated in Belton and through her charm and unusual talents has made many friends who wish her much happiness. She was beautiful and stylishly and becomingly dressed in a late model of poudre blue crepe with blond accessories and wore a shoulder corsage of pink rosebuds and maiden hair fern. For the past three years she has made her home in Cameron where she has made many friends.

The bridegroom is the son of Mr. and Mrs. William A. White of Nixon, in Gonzales county, pioneer residents of the Southwest. He is a native of Texas and was born in Karnes county and reared in the romantic atmosphere of the range country, beginning his newspaper career as a publisher at the age of 18 years. Mr. White is editor and publisher of the Cameron Herald, established in 1860 and the oldest newspaper in Central Texas. Shortly after his army service in the World War he became a member of the editorial staff of the San Antonio Express and at the time of his moving to Cameron in January, 1920 was City Editor of that Texas daily. He had served through many staff assignments for the Express and had written widely for newspapers and periodicals.

Mr. White was Mayor of Cameron for two years and served four years as a member of the Board of Aldermen. His administration was characterized by a large number of major public improvements. For the past six years he has been Chairman of the Milam County Democratic Executive Committee, a place he now holds, and was recently named Chairman of the Milam County Board of Welfare and Employment by Governor Ferguson, this organization being authorized by the National Recovery Administration in Washington. He is a member of Edwin Hardy Post No. 9 American Legion.

Mr. and Mrs. White have returned to Cameron from their visit with the parents of the bride and will make their home at the residence of Mr. and Mrs. Sam Hefley.

Something More than Beer is back

Beer is back! In those three simple words a great American industry has gone back to work. Hands long idle have found new jobs. Faces empty of hope brighten to a new promise. Thousands upon thousands have found honorable livelihood. A vast American market—a new frontier of industry reopens,—bringing sorely needed business to farmers, transportation and to hundreds of other industries. And with it, a new fountain head of tax revenue has arisen to add its dollars gladly to a nation in need.

Beer is back! But is that all? No! To cheer, to quicken American life with hospitality of old, the friendly glass of good-fellowship is back. Sociability and good living return to their own, once more to mingle with memories and sentiments of yesterday. America looks forward—and feels better.... *Beer is back!* Yes! But much more than that. Beer at its *best* is back—the brew that everybody knew best—the king of bottled beers that outsold any other bottled beer on earth.
